LIVING SPACE CONSERVATORY

HAWAII 80

BRINGING THE
OUTSIDE IN

A conservatory that is as individual as you are

Let your imagination guide you

Whatever your ideas about size, shape, colour and configuration - there are no limits.

Individual combination options

Combine your HAWAII 80 with tried-and-tested products such as reliable folding or sliding walls, integrated LED lighting and other practical options.

For that cosy feeling

Your conservatory can be transformed into extra living space with a sophisticated lighting concept and optimum indoor climate for a cosy home.

Individual combination options

Energy efficiency thanks to thermal insulation

Can be used all year round, no matter what the weather

Natural daylight and a cosy living space

High-quality materials and design

Future-proof investment thanks to long lifespan

365 days outdoors

Experience nature at its best all year round, protected from wind and weather. Extending your home with a heat-insulated conservatory provides extra living space that will surely delight you.

Make your conservatory dreams come true

The HAWAII 80 conservatory is the best example of how elegant and timeless design does not have to mean compromising on individual and flexible functionality. As a fully insulated and heated living space, the HAWAII 80 is perfect for any residential situation. Plan your conservatory entirely to your liking and preferences.

Advantages

- Different application and design options make each HAWAII 80 unique
- Individual combination options for any structural and architectural situation
- Durable thanks to select high-quality materials
- Numerous extras such as folding or sliding wall modules can be integrated into any living situation

Enjoy nature, whatever the weather.
